These rules are only minimum requirements for participation in the competition and are not intended to limit the right of any CEA or AST, or the Texas A&M AgriLife Extension or the Texas Education Agency to impose additional requirements as they deem necessary. The opportunity to enter 4-H Club and FFA members in the Junior Shoot-Out is made available only to CEAs and ASTs supervising these clubs. In no event are these rules to be construed as making any offer or opportunity available to any 4-H Club or FFA member. In no event shall any CEA or AST be considered to be an agent of the San Antonio Stock Show & Rodeo for any purpose. Entries in the Junior Shoot-Out must be submitted online by the Contestant's CEA or AST. **The CEA or AST must certify on the entry form that the Contestants are eligible under the rules of this competition.** It is the responsibility of the CEA or AST to read all rules and check each entry form carefully for signatures and information before signing it. The San Antonio Livestock Exposition, Inc. will award college scholarships to eligible contestants competing in the Junior Shoot-Out who are U.S. citizens and Texas residents, will graduate from a Texas public, private, or home school on or after May 2019, and will attend a Texas college or university. Scholarships will be awarded based on the ranking of the contestant in a given show/contest.

Competition procedures may dictate that not all scholarships for each category be given.

The San Antonio Livestock Exposition, Inc. Executive Committee reserves the right to interpret or to amend these designations at any time at its discretion and to settle and determine all disputes, questions, matters regarding, or incidents arising from, the Scholarship Program. Scholarship recipients must follow the rules and regulations of the current Junior Shoot-Out Information & Rules as well as adhere to the rules and guidelines of the San Antonio Livestock Exposition, Inc. Scholarship Program.

SCORES, APPEALS AND PROTESTS

Official Scores – The official score is the record kept by the referee/scorer on a sheet furnished him/her by Management. The referee/scorer’s decision on whether a target is dead or lost is final. All reported scores are checked for accuracy and corrections will be made when required. Junior Shoot-Out Management maintains the objective of producing timely, accurate and complete scoring records for each event. They do not represent any club, county, team, or individual. The NSC, via the Shoot Coordinator, will be responsible for conducting any and all aspects of the event pertaining to “shooting” including, but not limited to: squadding, scoring, posting of scores, determination and conducting shoot-offs, determination of winners, and rules interpretation.

Appeals – A Contestant may appeal a dead/lost ruling on the field if he/she feels a referee has missed a call. Once the Contestant has changed posts or exited the shooting cage, such right of appeal is lost. The referee may seek assistance from the official scorer or may poll the squad at his or her discretion. The decision of the referee in regard to dead or lost targets on the field is final and not subject to further appeal. A parent or coach’s score is not an official score and will not be consulted.

Protests – Only Contestants may protest any perceived injustice, violation of the rules, or other circumstances that may have resulted in placing them at a disadvantage relative to other Contestants. Such conditions must be reported to the field referee immediately. If satisfaction is not obtained, the situation should be reported immediately to the Shoot Coordinator or Chief Referee. If resolution is not reached at this point, the Contestant only has the right to present a written protest with a \$20.00 protest fee to the Chief Referee or Shoot Coordinator within one (1) hour of the time their squad has finished or score was posted. The Protest Jury will investigate and reach final resolution of the matter as soon as possible considering all circumstances. Results of all protests are final and will be reported to the Contestant. The names of the Chief Referee, Shoot Coordinator and Protest Jury members will be posted at the shoot.

EQUIPMENT

Any 12 gauge or smaller fired from the shoulder shotgun, which conforms to governing body rules, will be allowed.

Ammunition – FACTORY AMMUNITION ONLY – NO RELOADS – Contestants must furnish their own appropriate ammunition which conforms to governing body rules. It is vitally important to allow extra ammunition for practice rounds, shoot-offs, malfunctions, or other contingencies. Ammunition is subject to inspection and verification.

Ammunition will be for sale at the NSC Pro Shop.

- No load may contain any shot larger than Number 7 1/2 for lead and Number 7 for steel.

Lewis Class System for the 2019 San Antonio Stock Show & Rodeo Junior Shoot-Out

There will be four (4) or more Lewis Classes (Class one (1) being the top Class). The Lewis Class calculation format below governs the 2019 Junior Shoot-Out.

All Contestants in any of the Top Gun Classes will not be included in the Lewis Class event. After all of the Contestants in the Top Gun Classes have been removed from the overall total, the remaining Contestant scores will be listed in descending order. The remaining Contestants represent the total Lewis Class number used in the following calculations.

The list of Contestant's scores will be divided into classes by placing dividing lines (original line) based on the following calculation:

Total number of Contestants in Lewis Class divided by number of classes

If the result is a whole number, it is the number of Contestants for each class

In the event that the calculation does not end up as a whole number, the whole number portion of the result is the base number for each class. The remainder is to be multiplied by the number of classes. This will generate a remaining whole number that will be less than the total number of classes. This is the number of classes that need to have one (1) added to the base number, starting with the lowest class and then moving up.

When an original line is placed between a number of tied scores, the Contestants will be re-assigned as follows:

Majority above the line, those Contestants below the line are moved above the line.

Majority below the line, those Contestants above the line are moved below the line.

Equal number above and below, those Contestants above the line are moved below the line. Only the lines with ties are moved. The original lines in all other classes remain as originally drawn. There is the possibility of having a significantly different number of Contestants for each class.

ATTACHMENT A (cont'd)

Lewis Class Calculation Example

Total number of Contestants in Lewis Class = 26

Total number of Classes = 4

26 / 4 = 6.5

6 is the base number for each class - .5 is the remainder

4 X .5 = 2

The two lower classes need to have 1 added to the base number

Class 1 – 6

Class 2 – 6

Class 3 – 7

Class 4 – 7
