### **SAFETY AND ORIENTATION**

All contestants must comply with Junior Shoot-Out requirements. See page 246 and 247 of the **Junior Shoot-Out Rules** for all safety and orientation requirements.

### **PLAYERS GUIDE**

Each participant in the event is allowed to shoot a 15-target trap round on the DryFire simulator. The first round shot by each team member will be scored as the official round. Other rounds may be shot for practice but only the first round will count for score. The top five (5) scores from each team will be added together and the winning team will be the team that breaks the greatest number of simulated targets. In the event of a tie, each tied team will select one (1) shooter from one of the top five scores to represent that team. The tiebreaker will be a miss and out shoot-off at the 20-yard line of a regular American trap field using the shooters own gun and ammunition.

### **AWARDS**

The club of the winning team will receive a DryFire simulator.
