WELCOME

Welcome to the TSCA 2025 Texas State Sporting Clays Championship!

On behalf of the National Shooting Complex and Texas Sporting Clays Association, I welcome all competitors, sponsors and vendors to the 2025 Texas State Sporting Clays Championship. With over 800 participants Texas continues to hold the largest State Championship in the United States.

The Texas State Hall of Fame banquet will be held here at the complex inside the Winchester Pavilion on Friday evening starting at 5 p.m., you can purchase your tickets online at Score Chaser or inside registration. Please help me congratulate Dominic Grossi and Phil Murray on their induction. TSCA will also be raffling off a pallet of ammunition valued at over \$7,500 during the banquet, so don't forget to purchase your tickets for a chance to win.

Saturday night we will host a Championship Party complete with cocktails, dinner, and live music by the Solis Brothers.

Our sponsors are a critical element in the continued success here at the National Shooting Complex. Be sure to visit them on Vendors Row and support those that promote our sport!

We hope that you enjoy your time here in San Antonio and thank you for your participation this week.

Thank you,

Michael Hampton, Jr

CLAYS CARS - Individually-owned clays cars, Gators, Mules and other similar vehicles are allowed or, if you prefer, clays cars may be rented. No ATVs or 4-wheelers allowed. You must be at least 18 years old to operate a clays car. Special rules apply and permits are required for both personal and rental carts. Personal cart forms can be downloaded from bit.ly/TexasSC. A \$15 trail fee is required for all personal carts. A cart permit will be issued upon NSC receiving the trail fee and verifying insurance. For more specific information, contact Lori Bauchman at lbauchman@nssa-nasca.com. Rental Golf Cart forms are available at bit.ly/TexasSC.

PERSONAL CART INSURANCE - NSSA-NSCA-NSC has implemented a policy that proof of liability insurance is required for operation of personally-owned carts at the facility. Minimum liability, such as written for auto policies, for injury/accident is what is required. The policy is required to have reference to the cart that is to be operated and often can be added to current auto or home owner policies. Proof of insurance can be sent prior to your arrival via email to Lori Bauchman at lbauchman@nssa-nasca.com or by US Mail to:

NSC-NSCA
Lori Bauchman
5931 Roft Rd
San Antonio, TX 78253

Upon arrival, a permit, which must be displayed on the cart, will be available for pick-up in registration. If you are unable to send insurance prior to arrival, simply bring your proof of insurance to registration when you arrive and a permit will be produced and issued.

INCLEMENT WEATHER/LIGHTNING PLAN OF ACTION - The National Shooting Complex (NSC) will utilize a weather monitoring and alert system to detect the presence and occurrence of lightning and other hazardous weather conditions. Shoot Management will be notified, through the alert system, of lightning and any other potential dangerous elements.

If lightning is detected within 6 miles of NSC, a cease-fire will be called immediately via PA system and any other means where PA is not available. Shooting will suspend for a period of no less than 20 minutes. All fields will be cleared of both participants and staff, with all taking cover in available areas, i.e.: Club House, Vendor Buildings, vehicles, etc. Shoot management will continue to monitor lightning strikes, via the alert system. The weather alert system will automatically track the time after each lightning strike and a new time clock with start after any strike within the 6 mile radius. After the duration of 20 minutes with no strikes within the 6 mile radius, shoot management will begin the process of

returning participants to the field(s) to continue shooting. By starting this process at 20 minutes, the total elapsed time from the last strike until shooting begins is anticipated to be 30 or more minutes.

The above process will be repeated for any and all storms / lightning strikes observed. In the event of any other dangerous elements of an approaching storm, such as extremely high winds/ tornado or hail, the same cease-fire and field evacuation procedures as above will be implemented.

SAFETY REQUIREMENTS- Mandatory eye and ear protection— all persons, spectators, shooters, referees and trap personnel must wear eye and ear protection on the course. Spectators and contestants assume all risks resulting from accident or loss of property occurring on the National Shooting Complex property.

SOLICITING - No literature of any kind may be distributed on the grounds without prior approval of the NSCA.

NATIONAL SHOOTING COMPLEX - Phone 210-688-3371 • Fax 210-688-3014
5931 Rofit Road, San Antonio, TX 78253 • www.nationalshootingcomplex.com

During the Championship week, contact Registration at 210-688-3371 ext. 204.

OTHER INFORMATION - NSC Shoot Management reserves the right to alter or cancel any part of this program if conditions warrant. No refunds for withdrawals will be made because of weather unless the event is cancelled. Management decisions are final. In accordance with NSCA rules, Shoot Management may refuse any entry or cause the withdrawal of any contestant who annoys, endangers or interferes in any way with the harmony of the shoot or, in management’s opinion, whose conduct is unsportsmanlike.

CONTINGENCY PLAN

If shooting of any Main Event Course or Courses, at the TX State Shoot are cancelled by shoot management, due to the occurrence of dangerous weather conditions, natural disaster, act of God, or events beyond the direct, immediate control of the club or Shoot management of the TX State Shoot, the following procedure will be used to establish all awards including the TX State Shoot Champion and all Class and Concurrent Awards.

In the event of any cancellation for any event by shoot management, a refund will be given to anyone affected by the cancellation. In the event that anyone has made the decision to drop out from any event on their own accord without shoot management cancelling the event or rotation they will not be given a refund.

In the event of course cancellation on any rotation that cannot be made-up, all competitors will receive on all rotations the corresponding total of targets (i.e. 66, or 68) depending on which course they were not able to complete. If any competitor is not capable to complete at least two courses there will not be TX State Champion Crowned.

If there is any cancellation due to conditions deemed appropriate by shoot management, then all misses will be counted based on the targets attempted. The total number of misses will determine the number of competitors in the shoot offs to determine all Class and Concurrent champions including HOA, Runner-up, and Third.

In the Main Event 10 competitors in each class will be taken to shootoffs as well as 5 in each concurrent determined by the total number of misses. These shootoffs will consist of an initial 10 targets in the shootoff location followed by a miss and out format to determine the class and concurrent champions.

HOA, RU, and 3rd will be determined by taking the top 10 competitors based on total misses for the completed courses. They will compete in a 25 target super final which will be followed by another 25 bird super final until the HOA RU and 3rd positions are determined.

All shoot off targets will be added to the total accumulative score from the main event rotations that were completed.

Certainly no contingency plan for an uncontrollable event or series of events can cover every possibility; or, incorporate the multitude of alternative approaches each shooter might prefer. To be workable, the plan must be straight forward, simple as possible, and executable. The above plan most closely fulfills these objectives.

We are glad you are here on this momentous occasion to enjoy the festivities.
